Rennes (France)

**Recognition of Master equivalence
& admission to doctoral studies
of Mr. NGUYEN Quan Ba Hong**

As chair of the second year of the Master programme in fundamental mathematics of Rennes, I hereby certify that success in our program provides a Master diploma and eligibility for admission to doctoral studies in the French academic system.

Specifically,

1. The acceptance of Mr. NGUYEN Quan Ba Hong directly at the second year of our Master programme has constituted recognition of the equivalence of his previous curriculum with Master 1 level.
2. Mr. NGUYEN Quan Ba Hong has completed a full Master 2 programme, including successfully preparation, writing and defense of a Master thesis.

In particular, I hereby certify that, according to French academic standards, **Mr. NGUYEN Quan Ba Hong** does hold a Master diploma and fulfills all requirements for admission to doctoral studies.

L. Miguel Rodrigues,

Professor. Chair of the second year of the Master in fundamental mathematics of Rennes.
